

Mentoring for Success Program

If you are looking to grow your business through business mentoring, or get it back on track, the Polaris Centre's Mentoring for Success program offers you an opportunity to learn from experienced business owners.

Over 140 business owners have already seen their productivity and profitability increase through their participation in our Mentoring for Success business mentoring program for small business in and around northern Adelaide.

Although the focus of the business mentoring program depends on your business needs, topics the business mentor could cover include marketing, social media and online applications, staff, costings, growth strategies, innovation and business planning.
