

You & Your Business Workshop

Our You and Your Business session is designed specifically for people who are in business or looking to reinvigorate an existing one and provides the essential skills, knowledge and tools you need to have a successful small business, to make sure you get on the right track and stay there. Our presenter will share their experience and insights into success as well as failure.

Some of the topics covered include marketing, sales and learning about the seven key ingredients to success. The friendly and relaxed atmosphere of the program will also allow you to interact with other small business owners to discover your vision. To make sure your business gets on track and grows, register below via [Eventbrite](#) or contact us on **(08) 8260 8205** for more information.

You & Your Business

The You and Your Business workshop is run every eight weeks and provides you with the essential knowledge to reinvigorate and grow your business. It guides you through what you need to do to get your business back on track or grow. You will also receive 1.5 hours complimentary one-on-one mentoring with a Business Advisor.

In this workshop, you will discuss:

- Exploring your vision and your purpose
- The 7 key ingredients for success
- The 4Ps of marketing (Price, Product, Promotion, Place)
- Feeling alone at the top... you don't need to be
- Where to from here?
